Anna Probst

About TeamQuest

TeamQuest is the annual STEM (Science, Technology, Engineering, and Mathematics) competition among teams representing the eleven public school districts and four nonpublic schools in the Clay-Crawford-Jasper-Lawrence-Richland Educational Service Region. Regional Superintendent of Schools Monte Newlin's office hosts this creative thinking and problem-solving competition each fall for the students of the five county region. Teams of four students each compete through hands-on activities, questions, and challenges which allow students to apply teamwork and communication skills that enrich their everyday learning.
