“Hamish Brewer (aka the Tattooed Skateboarding Principal) grew up in a home disrupted by poverty, addiction, and family dysfunction. He understands the feelings of fear, lostness, and desperation that overwhelm too many children today - because that was his life. That experience is what drives him to work relentlessly to empower people living in the toughest areas to envision and create a better future for themselves. Disrupt the norm. That is the challenge Hamish, a Nationally Distinguished Principal, calls educators, students, families, and communities to accept. And as he authentically shares his life experiences and adventures in this book, you, too, will be inspired to:

- Believe that something bigger and better is possible
- Pursue your best, whatever it takes
- Transform your school
- Become the educator you always dreamed of being
- Leave a legacy that pushes others to achieve their best

Relentless is more than a motto. It's a mission of total passion and purpose. And it's the only way to win at work and life. Are you ready to take your life and work to the next level? Be Relentless!”

“How do good teachers become great? How do you create magical learning experiences your students will never forget? In *Plan Like a PIRATE*, you'll learn that sailing on to greatness starts with vision, intention, and design - planning - inside and outside the classroom, far beyond any lesson. This practical, comprehensive guide is packed with proven strategies for captivating students' imaginations and interests, leading readers through what it takes to engage and nurture learners with rigorous, equitable differentiated lessons. Designed to launch readers on a journey from “seeing it” to “being it” - and all points in between - *Plan Like a PIRATE* shows teachers how to harness their passion to create and implement innovative, relevant, student-centered learning opportunities and to build a detailed, intentional, future-focused plan to attain their dream career. This book will help educators deepen the impact of their teaching practice and power up their professionalism, allowing them to chart a course for themselves and their students to a better, more equitable world.
