Virtual Meeting

New teacher evaluators in Illinois are required to successfully complete an ISBE-approved Administrator Academy on Initial Teacher Evaluation Training. This training offers a high-quality, scalable, sustainable, and user-focused content and delivery model. The two-day course, along with pre-work, equips participants with the knowledge to:

- Identify and disseminate minimum state requirements, performance standards, and best practices.
- Facilitate a common language and dialogue around performance and its impact on school improvement, professional practice, and student outcomes.
- Encourage collaboration, learning, and alignment among stakeholders.

Evaluation status testing takes place in the afternoon of Day 2.
