Tired of the same old sit-and-get PD? Let's have some fun with EdTech instead!

As a former teacher and tech director, my workshops are all about doing, creating, and experimenting. We'll get hands-on with powerful tools and discover new tricks to make your classroom awesome. You'll leave feeling confident, inspired, and ready to put your new skills into action!

Looking for sessions on Artificial Intelligence? Check out the series [here](#).
